

All you need is

POP!

Yes, all right, design.

It's all and nothing. An idea of style, one that combines beauty and functionality, hygiene, sturdiness and prestige. The essential, no-nonsense interpretation of your daily work.

But, this time, we decided to view things from an altogether different angle.

Because, if work is your passion, it can also be the game you play.

Thus, sharp lines were born, **shapes that impose themselves on the eye, new and original.**

In other words, some frills. At times even coloured. Everything else is there, as always. Cleanliness, hygiene, functionality. Concentration. Dedication. Precision.

All very Dental Art.

And, this time, **very POP!**

You, dominating the stage

There is a main character, and that is you!
With your work, your **passion** and the **professionalism**
you contribute **everyday**. 

POP! comes from all this. From a thought focussed
on your every gesture enriched with accuracy and comfort.
With fully opening and soft-closing drawers,
silent as a light breeze: **all standard.**

With rounded, easy-clean interiors and shaped sides
to protect the sliders from dust.
With a superior and simply unique visual rendering.

*When design knows how to **surpass itself.***

Beauty is in the eye of the beholder

A new wave, surprising, free from conventions and clichés:
you like originality, you need it. It's an essential component
of your being a professional.

THERE IS
BEAUTY
IN EVERYTHING
JUST NOT EVERYBODY
SEES IT
A. WARHOL

POP! is your **perfect choice.**

Perhaps it is due to those **solid and soft handles**,
ergonomic and functional, **impossible to ignore**,
that vigorously and decisively define the unique design,
one that impresses at first glance, and gets discovered little by little.

Like that song **you didn't understand at first**, but that now,
after so many years, comes back to you, every day. **And you find it so beautiful.**

Now you can stop **hunting**

POP! always becomes what you want,
it adapts to all your professional needs.

And it also indulges those **eccentric habits** of yours
that you would never give up, assuring
its **unconventional and free identity**.

*Always true to itself, universal and inclusive,
in all its manifestations,
much like music and art: POP!*

*To stimulate your curiosity and your quest-for-the-best,
we have composed a POP! album, with combinations designed just for you:
browse it and apply the colour palette with the chromatic mood that feels most akin to you.*

Natural feeling

Don't worry about anything, just focus on our work,
because in the long run it's **the only thing that matters.**

Everything under control: rhythm, movement, sense of position.

Every instrument is exactly where it is supposed to be, always at your fingertips.
No obstacle, moving seamlessly between thought and action.

POP! is already there,  as if expecting you, to surprise you each time,
to break the routine of those gestures that you perform dozens of times every day
and draw you into a whirlwind of harmonious and fluid choreography.

As you would like it, really!

For example, with 3 elements, the sink unit with mobile cabinet and Wish dispenser.

I THINK
I'VE REACHED
THAT POINT
EVERY WISH
HAS COME TRUE
THE CURE

POP! sports a young and carefree look, but within its metal **beats the heart of Dental Art**, that unmistakable **sartorial soul** that modulates design harmonies by interpreting your wishes.

Isn't that enough for you? Our team of designers will exclusively plan your new workspace. In the spirit of POP!
